

Traffic Graphics® is a computer aided software program for designing traffic diagrams. The software is designed to work with CorelDRAW version 6, 7, 8, 9, 10, 11, 12, X3 and X4. CorelDRAW can be purchased from a retail store or the software supplier of your choice but Traffic Graphics cannot. Professional Traffic Graphics, Inc. is the sole source supplier of Traffic Graphics software. It is copyrighted software; the copyright and license agreement is included with software purchases.

We do sell CorelDRAW™ with our software as follows (pricing includes CorelDRAW, and the Traffic Graphics® software):

Traffic Graphics® Basic                      \$999.00 + 15.00 Shipping & Handling

Traffic Graphics® Ultimate                \$1299.00 + 15.00 Shipping & Handling

Prices are subject to change; please check our web site for the most current information.
